Internship:	AI/ML	Instructor:	Mam Meher Bano

Tasks Completed Today

Linear Algebra Concepts:

- Scalars
- Vectors
- Matrices & their operations
- Tranpose,Inverse,Identity Matrices
- Dot product
- Matrix vector multiplication
- Linear Transformation
- Rank
- Basis
- Span
- Vector space & Subspace
- Eigen values & EigenVectors
- System of Linear Equations
- Orthogonality
- Matrix decompositions (main:SVD)
- Norms & distances
- Least squares
- PCA
